

# ☀️ Welcome to the Greenhouse Café ☀️

## ♥️ L.B.I.'s Eclectic Dining Alternative ♥️

*We use only the finest products available: whole-grain breads and flours; imported pastas; choice meats; trans-fat-free cooking oils low in saturated fats; the freshest dairy, produce, fish and seafood. We are proud to offer many heart-healthy selections in addition to our traditional and eclectic dining fare. We combine these items with other high quality ingredients and prepare your meal to order.*

### ☀️ SOME OF OUR SPECIAL OFFERINGS ☀️

Many of our menu items are already heart-smart, low-sodium, trans-fat-free and gluten-free without us changing a thing. Some gluten-free examples: most of our egg, fruit and yogurt dishes and breakfast meats, mussels and shrimp appetizers, salads, Manhattan clam chowder, grilled eggplant, grilled pork chops, strip steaks, Atkins' burger or chicken, and most of our broiled seafood entrees. In addition, many of our regular menu entrees can be prepared flourless. Grilled chicken or grilled eggplant parmesan, for example, or chicken or veal piccata or fresca prepared flourless, and most of our pasta dishes when substituting our brown rice pilaf or gluten-free pasta.

We have gluten-free pancakes and Belgian waffles, crackers, rolls (similar to a round sandwich roll) and pizza crust. We offer whole wheat linguine and house-made vegetarian brown rice pilaf both as side dishes and as substitutions for our semolina pasta entrees. Gluten-free sides are also available such as our baked and mashed potatoes, brown rice, vegetable of the day, broccoli, tomato, cole slaw, salads, applesauce and other fruits a la carte.

Some of our dessert selections include gluten-free chocolate brownies and chocolate chip cookies (which both make great sundaes), low-carb (2 gram) sugar-free marble cheesecake (both offered with sugar-free raspberry syrup and/or ice or whipped cream), fresh fruit salad, low-fat yogurt parfaits with fresh fruit and all-natural granola, rice pudding, crème brulee, vanilla ice cream and vanilla frozen yogurt.

Please remember that we only use trans-fat-free cooking oils so while we can't guarantee that there are no trans-fats in prepared products, we can assure you we are not adding any to items we prepare here. We also try to use flourless and meatless broths and stocks wherever possible to increase our offerings to Vegetarians our Guests with gluten intolerance issues. Our goal is to attempt to provide an extraordinary experience for all and to always try to do what's Best for our Guest.
